Projects

- The Casitas Place gas line replacement is underway and should be completed by the end of October. Anticipate slight traffic delays.
- Annual Tree Trimming will take place over the next several weeks.
- Asphalt Repairs in the Island East Marina lot (Dana Drive) and the Cove East Marina Golden Lantern lot will begin around the end of October.
- Holiday Lighting installation is already underway and lights will be lit the day after Thanksgiving. Information on the Holiday Parade of Lights in upcoming newsletters.

Weatherize Your Boat

Sometimes boaters in Southern California forget to prepare their vessels for foul weather. The following are ways to help protect your vessel from the elements:

- Make sure that your bilge is clean and clear...debris can clog pumps and jam switches.
- Inspect your dock lines and replace them if necessary.
- Make sure your vessel is well secured.
- Sailboats need to make sure that sails and lines are well secured. Loose sails are dangerous and can cause damage to your boat.
- Make sure batteries are in good condition.

Reminders

- Be sure to return dock carts to the dock after each use...we have been finding them all over town being used for all sorts of things.
- Make sure that you keep the dock gates locked and secured and immediately report suspicious activity to the Harbor Patrol (949)248-2222.
- Please do not cut bait or clean fish in the harbor, it attracts pesky sealions and is against marina rules.

Congratulations to Island D Dock!!!

Our Maintenance staff asked that we give a "shout-out" to the boaters of Island D-dock who had ZERO violations for improperly stored small boats, inflatables, kayaks and paddleboards! Keeping docks clean and clear at all times for emergency access is necessary for a safe facility. Small boats hanging in the channels create a navigational hazard and can make it difficult for your neighbors to access their slips. The boaters on Island D-dock as well as many other boaters in the Marina are in accordance with Marina rules and it is greatly appreciated!
